

Kaweah Subbasin Multibenefit Land Repurposing Program

Stakeholder Meetings

Help your community find ways to repurpose land to benefit everyone! Please join us to learn more about the Multibenefit Land Repurposing Program (MLRP) and opportunities to get involved in the Kaweah Subbasin by proposing projects that reduce water use and maintain natural and working lands. These meetings will:

- Provide an overview of the MLRP program.
- Introduce you to Kaweah MLRP partners.
- Provide information about upcoming project solicitations.

We invite your questions and feedback during the discussion—please spread the word about these meetings!
