

Mid-Kaweah Groundwater Sustainability Agency Dedicated Recharge Basin Application Form

The Irrigation Efficiency Policy reads, "A Dedicated Recharge Basin (DRB) shall be defined as a registered and approved (approved by the MKGSA) site bounded by permanent embankments (approximately 18" deep) that is mandated to take excess surface water when made available by a surface water entity." For the full policy, please visit the website at www.midkaweah.org under Emergency Ordinance.

First Name: _____ Last Name: _____
