

Mid Kaweah Groundwater Sustainability Agency

Groundwater Credit Transfer Form

Purpose

This form serves as documentation and authorization of a transfer of groundwater credits (GWC) from an Assessor's Parcel Number (APN) to another APN(s) within the Kaweah Water Dashboard. This form allows the Mid-Kaweah GSA to archive and approve GWC movement.

Policy Background

- **Mid-Kaweah GSA Emergency Ordinance** [Adopted May 1, 2022] authorizes that a, "groundwater user may transfer Native Yield and Relief Pumping Tier supplies to other parcels under common management or ownership, provided such transferee parcels are registered in the Agency's Water Dashboard."
- **Inter-GSA Groundwater Credit Transfer Policy** [Adopted July 8, 2025] states a, "entity or landowner requesting the transfer must be in good standing."
- **Precipitation Credit Policy** [Adopted October 10, 2023] states, "unlike other water sources, unused precipitation credits will not carry over to the following year."
- **Land Transfers and Sales Policy** [Adopted July 11, 2023] states, "since water credits are recognized as assets tied to the property, it is the sole responsibility of the landowner to specify the proportion of water credits they intend to share with the prospective renter/buyer, ranging from 0% to 100%."
- **Orphan Credits Policy** [Adopted March 11, 2025] states, "the GSA will issue a refund to the landowner for any remaining credits once the parcel is sold for development."

SECTION 1. APPLICANT INFORMATION

Applicant Name: _____

Water Account Number: _____

Phone: _____

Email: _____

SECTION 2. GROUNDWATER CREDIT TRANSFER DETAILS

Please describe the transfer details in the following lines.

			GSA Official Use	
Original APN	APN Receiving Groundwater Credits	GWC Transfer Amount [AF]	GWC Transfer Amount [AF]	Water Year
